Councilmember Blumenfield

The Winnetka Neighborhood Council, Public Works and Transportation Committee, on May 26, 2015, directed that this letter be created and presented to address concerns related to the 2012 widening of the bridge over the LA River on Winnetka Avenue.

The issue is complex and involves concerns over parking restrictions, lane usage, and proposed bicycle lanes, as well as commitments to other governmental agencies.

The stakeholders were promised that, after completion of the project, parking and lane use would be returned to the previous state. This has never happened, and the stakeholders continue to request that the issue be addressed.

We urge Councilmember Blumenfield and his staff, to investigate this issue, and seek resolution.

Thank you,

Eric Lewis
President, Winnetka Neighborhood Council
