Councilmember Bob Blumenfield
19040 Vanowen Street
Reseda, CA 91335
Re: Council File # 15-0719

Councilmember Blumenfield

On May 26, 2015, at a public meeting of the WNC, Public Works and Transportation Committee, a stakeholder requested that a letter be presented to the Councilmember's office concerning the Bicycle Lanes on Winnetka Avenue. The Winnetka Neighborhood Council approved submission of this letter on June 9, 2015.

Currently, bike lanes have been established on Winnetka Avenue from Devonshire to Vanowen Avenue. The new, "Mobility Plan 2035", issued in April of this year, includes "Priority" extension of the lanes from Vanowen to Ventura Boulevard.

The intent of this letter is to request support by Councilmember Blumenfield, in order that the proposed completion be accomplished, and to advise the Councilmember that the community continues to be interested in this improvement.

Thank you,

Eric Lewis
President, Winnetka Neighborhood Council
