Preschool is designed to prepare a child to successfully integrate into Kindergarten through the development of socialization and interaction with others. Our preschool will focus on these skills as well as number and letter recognition, language development, creative play, and fine and gross motor skills. Registration may be paid online or in person.

Preschool activities will be conducted at the Winnetka Child Care Center. This is a wonderful private building located in the back of the recreation center. This area is private and fenced in with its own playground. This building is not open to the public.
